CANA
for a deeper, stronger love

It is true that many couples, once married, drop out of the Christian community. Often, however, we ourselves do not take advantage of those occasions when they do return, to remind them of the beautiful ideal of Christian marriage and the support that our parishes can offer them. I think, for example, of the Baptism and First Holy Communion of their children, or the funerals or weddings of their relatives or friends.

Given the pace of life today, most couples cannot attend frequent meetings; still, we cannot restrict our pastoral outreach to small and select groups.

Nowadays, pastoral care for families has to be fundamentally missionary, going out to where people are. *We can no longer be like a factory, churning out courses that for the most part is poorly attended.*

CANA Welcome

CANA Welcome is a one-year program for couples. It consists of 9 monthly evenings and a weekend that includes children.

...To Accompany

Any man-woman couple, married or not, close to the Church or not, can experience CANA Welcome.

Experience shows that it particularly answers the questions of young couples between 25 and 40 years old, often in the first years of their life together which are often the most precarious.

...To Form

CANA Welcome allows couples to take time together, and with others, to address the major issues related to couple life. Sharing with other couples in a fraternal setting allows them to grow into a life that is now two instead of one.

...To Evangelize

Because we are Christians, we believe that CANA Welcome is also a place where each couple can discover God's action in their lives, the Rock on which the couple can build. He is the Way that can be followed with confidence. It helps them become a couple committed to the service of the Church.
